# Reading Log

Use this reading log to keep track of your daily reading. To become strong readers, Kindergartners should read for at least 10 minutes each day. Little books are read independently by your child with only a little help from adults. Reading any paper books that come home or online at RAZKids.com or Starfall.com also counts towards your 10 minutes! Any additional reading you do with your child (bedtime stories, library books, etc.) can also be tracked by coloring in a book for each additional 10 minutes of reading a day! Little books, this log and the bag they went home in should come back to school each day. Any paper books that go home are yours to keep. Happy reading!

Date	Book, online or both?	Color one book for each 10 minutes read!
